BUILD IT TO LAST

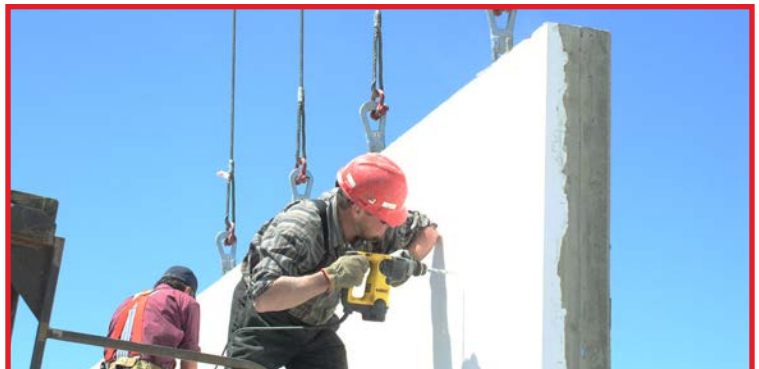

**PANELS ARE EASILY EMBEDDED INTO CONCRETE,
NO PAINTING OR FINISHING IS REQUIRED**

**REDUCED MAINTENANCE COSTS FOR THE
LIFESPAN OF THE WALL MEANS GREAT VALUE**

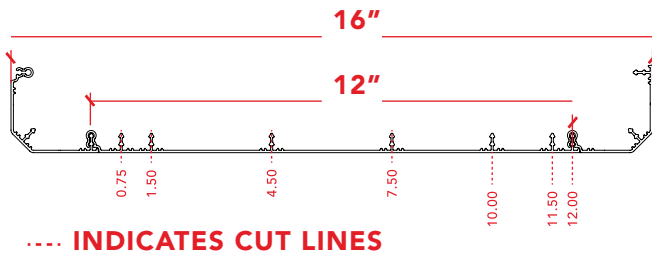

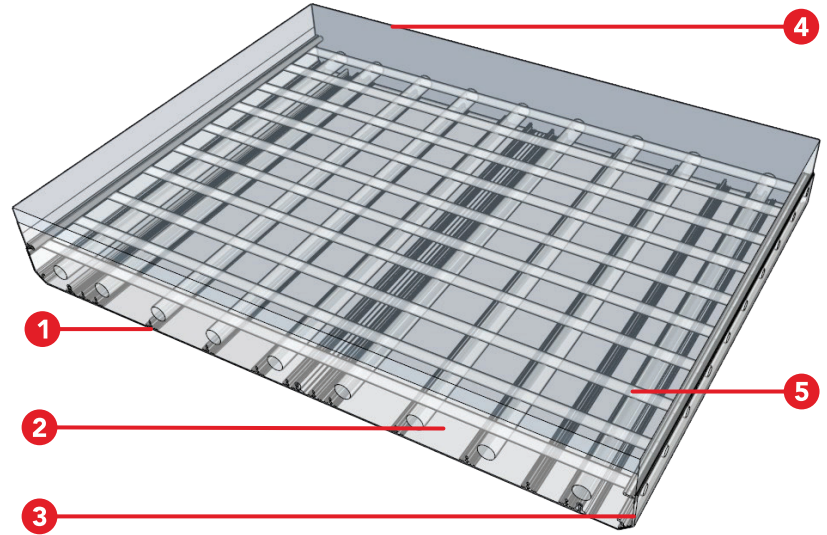

**IMPROVE THE APPEARANCE
& LONG-TERM VALUE OF YOUR FACILITY**

**HYGENIC & SUITABLE FOR FOOD PROCESSING
& AGRICULTURAL APPLICATIONS**

OCTAFORM® PRECAST & TILTUP

- 1 PVC PANEL** Patented modular panels can be cut to allow for multiple widths of precast or tilt-up walls. Food grade PVC will protect your concrete and rebar from harsh chemicals and corrosive environments.
- 2 CONCRETE** Compatible with standard concrete formulations.
- 3 CORNER PIECE** Inside & outside corners can be combined to accommodate unique designs
- 4 OPTIONAL INSULATION** Thermal mass of concrete, airtightness, added insulation provides excellent R-values.
- 5 REBAR** Uses standard rebar as specified by your engineer.

INNOVATING SINCE 1997

CONCRETE, BUT BETTER

Choose Octaform and, in one step, form watertight concrete walls, of any height & thickness, without the burden of secondary trades.

Extruded from industry-leading, durable PVC, Octaform creates a barrier between your wall and the elements that can harm it.
